unsettling difference challenges the major minor pattern that has framed discussions of german jewish difference focusing on instances that fall outside traditional understandings of minority culture exploring expressions of jewish identity and difference in biblical themed musical dramas and their literary sources adi nester argues that the issue of jewish difference should be treated as an aesthetic question in the first half of the twentieth century even amid the rise of pseudoscientific theories about race and blood drawing on the fraught parallel histories of opera and the modern reception of the hebrew bible in germany both significant in debates at the time about the nature of jewish separateness unsettling difference shows how this discourse troubles concepts of jewish marginality and non jewish german dominance through innovative readings of key works in this tradition rudolf borchardt s poem *das buch joram* paul ben haim s oratorio *joram* arnold schoenberg s opera *moses und aron* joseph roth s novel *hiob* and eric zeisl s opera *hiob* nester shows how these biblical adaptations foreground alternative notions of difference that rely on confusion ambiguity radical heterogeneity excess and repetition

whereas the cultural and political influence of the u s on europe and germany has been researched extensively the impact of more than 6 million german immigrants on u s american history and culture has received far less scholarly attention therefore this volume addresses a wide range of areas in which a german presence has been manifesting itself in the u s for more than three centuries among the disciplines involved in this broad analysis are linguistics literary studies history economics musicology as well as media studies and cultural studies

among the brilliant writers and thinkers who emerged from the multicultural and multilingual world of the austro hungarian empire were joseph roth robert musil and ludwig wittgenstein for them the trauma of world war i included the sudden loss of the geographical entity into which they had been born in 1918 the empire was dissolved overnight leaving austria a small fragile republic that would last only twenty years before being annexed by hitler s third reich in this major reconsideration of european modernism marjorie perloff identifies and explores the aesthetic world that emerged from the rubble of vienna and other former habsburg territories an austro modernism that produced a major body of drama fiction poetry and autobiography perloff explores works ranging from karl kraus s drama *the last days of mankind* and elias canetti s memoir *the tongue set free* to ludwig wittgenstein s notebooks and paul celan s lyric poetry throughout she shows that austro modernist literature is characterized less by the formal and technical inventions of a modernism familiar to us in the work of joyce and pound dada and futurism than by a radical irony beneath a seemingly conventional surface an acute sense of exile and a sensibility more erotic and quixotic than that of its german contemporaries skeptical and disillusioned austro modernism prefers to ask questions rather than formulate answers

siegfried kracauer was one of the most important german thinkers of the twentieth century his writings on weimar culture mass society photography and film were groundbreaking and they anticipated many of the themes later developed members of the frankfurt school and other cultural theorists no less remarkable were the circumstances under which he made these contributions after his early years as a journalist in germany the rise of the nazis forced kracauer into exile first in paris and then after a protracted flight via marseilles and lisbon to the united states the existential challenges personal losses and unrelenting hardship kracauer faced during these years of exile formed the backdrop against which he offered his acute observations of modern life jörg später provides the first comprehensive biography of this extraordinary man based on extensive archival research später s biography expertly traces the key influences on kracauer s intellectual development and presents his most

important works and ideas with great clarity at the same time später ably documents the intensity of kracauer s personal relationships the trauma of his flight and exile and his embrace of his new homeland where finally the groundlessness of refugee existence gave way to a more stable life and with it some of the intellectually most fruitful years of kracauer s career the result is a vivid portrait of a man driven both by an urge to capture reality to attend to the things that are overlooked or misjudged that still lack a name as he put it and by a need to find his place in a hostile threatening world

the fragility of the liberal democratic state after 1789 is illustrated in the history of the european jews from the french revolution to the holocaust emancipation and hope of emancipation amongst the european jewish population created a plethora of jewish identities and forms of patriotism this book takes the original approach of studying european jewish patriotism as a whole with particular attention given to creative literature despite their growing awareness of racial genocidal hatred most european jews between 1789 and 1939 tended to be patriotic toward the countries of their citizenship an attitude reflected in the literature of the time yet the common assumption among emancipated jews that anti semitism would fade in a world governed by reason proved false for millions of european jews the infinite possibilities they associated with emancipation came to nothing the jewish experience exposed many of the weaknesses and failings of the liberal multicultural state and demonstrated that its survival cannot be taken for granted but is dependent on vigilance and struggle by focusing on jewish patriotism from 1789 1939 this book explores the nature of the liberal state how it can fail and the conditions needed for its survival

we have become suspicious rightly of claims for literary greatness but in sebald s case the claim was triumphantly justified he was he is the real thing john banville guardian from acclaimed critic novelist and academic w g sebald author of austerlitz and the rings of saturn a collection of essay on the austrian writers who meant so much to him appearing for the first time in english as a german in self chosen exile from his country of birth sebald found a particular affinity with these writers from a neighbouring nation the traumatic evolution of austria from vast empire to diminutive alpine republic followed by its annexation by germany meant that concepts such as home land borderland and exile occupy a prominent role in its literature just as they would in sebald s own through a series of remarkable close readings of texts by bernhard stifter kafka handke roth and more sebald charts both the pathologies which so often drove their work and the seismic historical forces which shaped them this sequence of essays will be a revelation to sebald s english language readers tracing as they do so many of the themes which animate his own literary writings to which these essays form a kind of prelude a writer whose life and work has become a wonderful vindication of literary culture in all its subtle and entrancing complexity guardian sebald was probably the greatest intellect and voice of the late twentieth century antony beevor the times

in 1918 the danube monarchy ceased to exist and its provinces became parts of the monarchy s successor states which increasingly assumed the character of nation states the regimes of these countries were usually oblivious and or hostile to remnants of the erstwhile austrian rule due to ideological reasons they treated them as traces of a superimposed imperial power and an alien democratic pluralistic liberal tradition notwithstanding that fact erasing the habsburg empire from maps of europe did not entail the entire cancelation of its legacy on the former habsburg territories although officially neglected or suppressed this legacy made itself felt overtly or tacitly in discourses present in the public sphere of the countries that superseded the monarchy

the blossom which we are traces the emergence of a distinctly modern form of human vulnerability our intimate dependence on the fragile and time bound cultural frameworks that we inhabit as it manifests in the realm of the novel nir evron juxtaposes seminal works from diverse national literatures to demonstrate that the trope of cultural extinction offers key insights into the emotional and ideological work performed by the realist novel with an analysis that ranges from the works of maria edgeworth and walter scott edith wharton s age of innocence and joseph roth s radetzky march and yaakov shabtai s past continuous and finally to the current state of the humanities this book seeks to recover literary criticism s humanistic mission bringing the best that has been thought and said to bear on urgent contemporary concerns
